Re: *Herzberg v. MegaSpirea Productions, et al.*, Civ. No. 07 CV 10503 (RJS)

We represent Plaintiff, Jordan Herzberg, in the above referenced action. On December 7, Defendants' counsel submitted a letter of intent to file a motion to dismiss and request for a pre-motion conference. That same day, your Honor ordered Plaintiff to respond to the letter by December 12, 2007. Unfortunately, Plaintiff's counsel only became aware of Defendants' letter and the Court's order this morning. We never received Defendants' letter by hand nor did we receive automatic notification from PACER that this letter had been filed. Given that we only just received notice of your Honor's order, we respectfully request an extension of time until Monday morning, December 17, to respond.

Respectfully Submitted,

Peretz Bronstein
